From: Mr. Narain Rao Esquire
President, Municipal Board
Kadur District

To:- B. H. Venkatavarada Iyengar Esquire
Secretary to the Government of His Highness
the Maharaja of Mysore
General and Revenue Departments.

Sir,

Referring to your official memorandum Petition no 482 dated 4th November 1903, allng. for a report on the petition of Dasegowda and others of Chikmagalur town complaining of the proposed removal of their houses as a part of the scheme for opening up the congested parts of the town, I have the honor to state that on the out break of plague in the town in 1902, it was the suggestion of Councillor Mr. C. Srinivasa Iyengar who visited the town in November 1902, to open up the congested parts and dismantle such of the houses as were quite unfit for human habitation as a preventative measure under the Plague Regulation A committee consisting of the Civil Surgeon, the District Plague Officer and the Vice President was appointed for the purpose of inspecting the town and preparing a list of the roads that were deemed necessary, and of such houses as were considered to be dangerous to human habitation

On receipt of lists of such roads and houses, Assistant Commissioner Mr. C. D. Ramaswamy was appointed to assess the value of the houses condemned by the said Committee. After I took charge of the District in December 1902, I went over the town with the Vice President and inspected all the proposed roads and houses noted in the lists and was of opinion that the marginally noted roads were essential to relieve congestion and the Municipal Board approved of my proposal to deal with these first

(1) From Dhobi Venkatasamy's house in Saganapuram Street to Edgar Street
(2) Govinda's house on Edgar Street
(2) From Sheriff Street to market road near Dhobi Mohan Singh's house
(3) From Chennabasappa Chetty's house in Mariappas Street to Sheriff's Street
(4) From Bandy Stand to market road

2. A plan shewing the 4 roads in question as also the petitioners houses and backyards is enclosed for the information of Government The petition under reply is from persons who reside in the locality where the 1st road, Viz, from Saganapuram Street to Edgar Street has been proposed. A list showing the present condition of the petitioners houses

situated in this locality is enclosed

3. As there were no plague cases from the be-
-ginning in houses marked 2, 3 and 4 in the
plan above referred to, belonging to Gundiengar
alias Keshavenigar, Deshadashetty, Adavappa
and Bellappa respectively and as these
houses are in good condition, I have thought
it unnecessary to dismantle them But houses
numbers 1, 5, 6, 7 and 8 being situated in an
overcrowded and unsanitary locality must
be demolished in order to relieve the Congestion
of the locality. It was in this part of the town
that plague first broke out in a very viru-
-lent form and the germs of the disease could
not be effectually destroyed. In all the five
houses proposed to be demolished, plague
cases have occurred and the houses themselves
are in a dilapidated condition.

4. As regards the allegation about the
inadequacy of the Compensation fixed
and the absence of building sites, I beg to
state that under para 4 of section 9A of
the Plague Regulation Mr. C.D. Rama-
-swamia has properly assessed the houses
to be removed as will be seen from the
enclosed valuation slips marked A to N

This valuation will be revised if there be any real complaints about it and building sites will be allotted in the Western Extension to those persons whose houses will be dismantled

5. The Original petition received with your memorandum is herewith returned.

I have the honor to be

Your most Obedient Servant
